These touch-points will help you review the core principles of the course and put them into action one step at a time. You can choose between an Expedited (5-day) or Slow & Steady (5 week) option. To sign up, visit Thyme-is-Honey.com/Implement and simply enter your email for the option you prefer.

PLEASE NOTE: This is just a suggested schedule that requires roughly 15-30 minutes of work each day and keeps you on pace to finish before the LIVE Q&A on December 9th. You are welcome to create a schedule that works for you. You'll get access to all course material on November 28th and have access for 2 years (until January 1, 2025).
